

include/main\_window.h

```
graph TD; A[include/main_window.h] --> B[gtk/gtk.h]; A --> C[data/animal.h];
```

The diagram illustrates a header file dependency. At the top, a gray box labeled 'include/main\_window.h' has two blue arrows pointing downwards to two white boxes. The left box is labeled 'gtk/gtk.h' and the right box is labeled 'data/animal.h'. This indicates that 'main\_window.h' includes both 'gtk.h' and 'animal.h'.

gtk/gtk.h

data/animal.h
